Welcome - Invitation to the Orientation Period 2019

Dear Freshman,

We would like to welcome you on behalf of all students of the faculty of mathematics. To provide you a pleasant start in your studies we – the representatives of all students of mathematics in Chemnitz – have prepared a little program for you. We would like to invite you to the

Orientation Period
Monday, 10/07/2019 to Friday, 10/11/2019.

Most important is the event on Monday, 7 th October at 9 a.m. in room 2/N 010. This room is located in the ground floor of the central lecture building at the Reichenhainer Straße. At this place the faculty and the Fachschaftsrat will introduce themselves. Furthermore, we will provide the first important information.

During the orientation period you may look forward to a tour through the city and the campus, introduction courses for mathematicians, to prepare you for your first real lectures and the celebratory matriculation on Thursday, 11th October. You also don't need to stay at home in the evenings, since there will be a BBQ and tours to some bars and student clubs.

Detailed information and the time table will be available on

www.tu-chemnitz.de/fsrmathe

or at the meeting on 10/07/2019 at 9 a.m.

Until then we wish you a pleasant summer and are looking forward to seeing you.

Yours,

Fachschaftsrat Mathematik
