Welcome - Invitation to the Orientation Period 2021

Dear Freshman,

We would like to welcome you on behalf of all students of the faculty of mathematics. To provide you a pleasant start in your studies we – the representatives of all students of mathematics in Chemnitz – have prepared a little program for you. We would like to invite you to the

Orientation Period
Monday, 10/04/2021 to Friday, 10/08/2021.

Most important is the event on Monday, 4 th October at 10:30 a.m. in room 2/N 112. This room is located on the first floor of the central lecture building at the Reichenhainer Straße. At this place the faculty and the "Fachschaftsrat" will introduce themselves. Furthermore, we will provide the first important information.

During the orientation period you may also look forward to a tour through the city, the campus, student clubs and some bars, a BBQ and introduction courses for mathematicians, to prepare you for your first real lectures. Due to the current situation with the Corona pandemic, however, it is not yet clear which of these activities can and will take place and how.

Therefore, please keep an eye on our website

www.tu-chemnitz.de/fsrmathe,

where we will share further information and the preliminary schedule for the week.

Until then we wish you a pleasant summer and are looking forward to seeing you.

Yours,

Fachschaftsrat Mathematik
